

Q2 question

Write a personal reflection essay where you explain how Maslow's hierarchy of needs model and Alderfer's ERG theory of motivation apply to you in your workplace or personal life, illustrating your understanding through personal examples.

Instructions and tips:

A word limit of 800 - 1000 words applies. Markers will disregard any text beyond this limit. Please indicate the word count at the end of your answer;

- A report requires headings, a clear introduction and conclusion, and well-constructed sentences;
- Apply relevant, referenced theory from your textbook and additional credible sources;
- Application of the theory is required through the use of original examples;
